Sir I had the honour of y^r. letters of ~~the~~ the
7th & 22th of March ^{last} by the hands of W. Oglethorpe, and that enclosed
for y^r. good uncle at Ratisbonne I immediately ~~forwarded~~ forwarded
to which he has sent an answer to be sent into y^r. hands on
y^r. arrival in England, which therefore I have not sent here.
but ^{have sent an answer} a copy of what he wrote to me to serve you so far as
it may, in case you should not be set out from Georgia
before this reaches y^r. hands.

y^r. Journal being pack'd up in W. Oglethorpe's Baggage
could not be come at so soon as y^r. letters, but it is now
sent to me by W. Oglethorpe and having copy'd it, I sent
it the 26th of last month ^{to Ratisbonne}. If this find you in Georgia
give me leave to refer you to Mr. Quincy & Mess^{rs}. Boltzius & Gronau
for other intelligence & to assure you that I am
y^r. most obed^t. humble Serv^t. H. N.

Rev^d. S^r. I rec'd y^r. favour of the 22nd of March last
and acq^d the Society with the contents ^{which} were very
acceptable to them. W. Liegenhagen has since communicated an extract
of y^r. Journal by which the Society are very much concerned to hear of the
barbarity of the Capt. of the Purysburg to the Saltzburghers ^{on their way again} after all the
Caution used at Dover to prevent it. The Trustees for Georgia I hear
have resolv'd never to employ him again for the sake of his ill usage of
the Saltzburghers, and if Mr. Dekech at his return with some other person
can be found to bear Testimony such as the Law requires to convict
him of his scandalous ^{usage} of those honest Confessors who had suffered so
much already in their own Country, he will I believe be prosecuted
here to be made an Example of to deter others from the like
at least nothing will be wanting ^{in the friends of the Saltzburghers} to assist
him, if he can be legally convicted. I am surpris'd at y^r.
improvement in the English Language in so short a time under so many
disadvantages. May y^r. happy Talent in that improvement still continue
you more useful to the Saltzburgher English as well as to the Saltzburghers
Journal you mention some civilities shewn to you by ^{late} the Jews and some
now and then looking into y^r. Assemblies, pray signify in y^r. next any
of that kind, some Jews in Germany having lately discovered an intention to
convert some of our people to being Christians.

My humble service to y^r. worthy Collage and Mr. Gronau
for Mr. Dekech to send him for y^r. May at the end
of the return directed under cover to
Rev^d. S^r. y^r. most humble Serv^t.

Y^r. Letter of the 29th March

from Charleston in S. Carolina to W^t. Copping came to hand and was by him communicated to the Society who were glad to hear of y^r. welfare, that being the ^{only} ~~only~~ ^{only} ~~only~~ they had rec^d from you since you left England. though it was with concern they understand you are oblig^d to go to N. Engl^d for establishing y^r. health and they wish ^{you} ~~it~~ ^{you} ~~it~~ may have that effect. I hope to hear from you thence as W^t.

Copping I find has done, though I have not ^{yet} seen y^r. letter, but the enclosed is I understand an Ans^r. to it.

W^t. Vernon has likewise rec^d a Let^r from you w^{ch} W^t. Copping ~~sent into~~ desir^d me to forward ~~to him~~, and I this day deliver^d it to him at Court ~~where I could not refuse to know~~

~~any thing of the Contents, it being in a case~~ when Tomochichi with his wife and the rest of his attendants were ^{presented} ~~introduced~~ to the King & the Roy. Family, ^{where} they were very graciously rec^d being attended by S^r. Clement Coterel Mast^r. of Ceremonies

& 3. of the King's Coaches & six to Kensington, all habited in a ^{painted} ~~very~~ proper manner by W^t. Ogleshope's direction. They had separate audiences with the King, Queen, &c. of Wales, and D. of Cumberland, ^{in their respective apart^{ts}} and then by one of the Gent^l. of the Bed^{ch}amber were conducted through the Royal Apartment ^{which they had not seen before}

the Rich furniture of which they seem^d not a little surpris^d to see the difference between the King's Palace & their wigwams

after which they ^{in the same manner as they came} were conducted back to their habitation in the Georgian office where they were regal^d by the Trustees. One of their young men has the small pox and therefore did not attend the audience, but he is like to do well. Give me leave to recommend Mess^{rs}. Bolton and

Gronan to y^r. favours. I hope you left our kindred in N. Engl^d well of whom & y^r. welfare I shall be always glad to hear being

Y^r. most humble serv^t.

Reverend Sir

Two of Prof^r Fallenberg's Travellers
for conversing with y^e Jew, about the Truth of Christianity arriv'd
here last Saturday was sennight from Rotterdam when they
went to the Portuguese Synagogue to get acquainted with their
Rabbis. They have since had several conferences with them
& given them 7. Questions in writing, to 3. of which they have
made answers wherein they refer to some Hebrew Books
which these Travellers would be glad to consult; I have taken
leave to refer 'em to you to be advis'd where these Books
may be met with if you have 'em not in y^e custody, &
M^r. Bara Bernwitz will be so kind as to introduce them to
you at Asks Hospital. Their names are M^r. George
Widmann of Wintemberg & M^r. John Andreas Manittius
of Brandenburg, they converse freely with the Jew, in the
Hebrew Language, and the former has publish'd a Book
in the same Language the German Dialect intituled the
demonstration of the Messiah, which they have put into y^e
Hands of the Rabbis to read and give their opinion of.

God knows what may be the Issue of those Conferences
and I am glad to find the Rabbis don't decline meeting them
& have invited them to their School, where they have already
had 3. Conferences.

The Jew, that are gone to Georgia are very kind to the
Saltzburger gone thither, and the Christian Missionaries
among the Saltzburger, have great hopes of gaining them
to a favourable Opinion of Christianity, some of them having
already attended their religious assemblies.

Hon^d. B I was a shame to receive y^r. Letter of the
23^d of last month before I had acknowledged the rec^d of y^r. Letter
of y^e 26. of June. In obedience to y^r. ord^r. our Treas^r.
Mr Fullard desires me to let you know th^t. there were 7 D^s due at
Midsummer last w^{ch}. at 4. p^{er} ann^u. is £7.

The Messenger of our Society informs me that
y^r. Bachel consisting of £15
200. Pastoral advices before confirmaⁿ 1.5.
200 Pastoral advices after ditto 1.5.
came to 2.10. total 1.5.
makes in all 8.5.

I have only to add that y^e Saltzburghers that went to Georgia were
all safely arriv^d, & exceedingly pleas^d wth their Situation there on
a River w^{ch} they have desired to name Monizen, & Mr Ogleshorpe readily
consented to. Mr Ogleshorpe gives them y^e Character of pious, diligent &
laborious People. The Indian chief, wth his wife, his nephew & 2 War Captains,
& 4 attendances from Georgia were this day
magnificently introduced to their Majesty & the Royal Family,
at Kensington being attended by 3. of his Majesty's Coaches & 6.
The Mast^r. of Ceremonies, & Mr Ogleshorpe wth y^e chief & his wife
in Scarlet Habits in y^e 1st Coach; The Nephew. 2 War Captains,
and Interpreter in Blue in y^e Second Coach, the 4. attendances in
Yellow Habits edg'd wth Fur instead of Lace, in the 3^d Coach.
Their Faces were all except y^e prince's & her Nephew very oddy-
mark'd in y^e manner suppos'd to be used by them in war in their
own Country such as might animate their friends, and strike
Terror into their Enemies as you will imagine when you consid^r.
th^t their Faces were all besmear'd wth Vermillion from ear to ear
particularly the Hollows of their eyes, over w^{ch} one had a black
Square painted, another a Triangle in Black, another black anous
instead of Whiskers all wth some variety w^{ch} at a distance look'd
like masks. so that if you had known any of them never so well
before, it was impossible to know 'em thus disguis'd. The
2 War Captains & 4 attendances were stout well made fellows
& desir'd to go to Court as much naked as they generally appear
in their own Country, but Mr Ogleshorpe whom they reverence
as their father would not consent to it, telling 'em the politeness
of the Court & the Ladies there would not admit of it, after they

had made their Compliments to the King they retired with their low
obeisances & were then introduced to Her Majesty in the long
Gallery well filled with Ladies of Quality who then all the Gentl^{es} that
had attended their audience before the King now followed and made
a very grand appearance. From hence they retired in great order
& were conducted to His Royal Highness the Prince of Wales's
apartm^t then to the Duke of Cumberland's by w^{ch} time it was
between 3. & 4. o' Clock when their Majestys & the Royal
Family retired to Dinner in their respective apartm^{ts} & one
of y^e Gent^l of His Majesty's ~~Bedchamber~~ Bedchamber shew'd
them the Royal Apartm^t to w^{ch} they had not been before, at the
furniture of w^{ch} they seem'd not a little astonish'd.

Then S^r Clem^t Colterell Mast^r of y^e Ceremonies reconducted
them to y^e Kings Coach in w^{ch} they returned to their Habitation ^{at} ~~Old Palace Yard~~
where they were ~~regal'd~~ ^{regal'd} by the direction of y^e Trustees of y^e
Georgia, but of all this & much more you will ^{be} better inform'd
in the next Gazette or other news papers. The old man Tomo-
chachi is allow'd to be a wise thoughtful man, & has long wish'd
for the knowledge of y^e True God to be convey'd to his Subjects
of w^{ch} he has now some hopes ^{believing} ~~because~~ the English know more
of him than any other Nation. I am &c.

I believe ally Trustees for Georgia. Hon^d S^r
now in Town attended y^e Ceremony — y^e most obed^t humble S^r
of their introduction, the poor Creatures ~~Henry Newman~~
having long desired to see this day over for
they could not see S^r Cause from their Lodging, hear Bells ^{ring} Guns
firing & Trumpets sounding but could not be suffered to go abroad, till the
King King had seen them, w^{ch} they now may.

Sir

I recd the Letter you sent me from
Mr. Mary Harris and wish you had sent me instructions at
the same time. I would be a reasonable Rent for her to give -
& us to demand after paying out necessary Repairs but y^r Silence
makes me suppose you to leave it to my discretion, wherein you
will excuse me if I promise more than you shall think reasonable
afterward to comply with. but somebody must treat with these
People or the House will never be Tenanted.

Why would you give Mr. Galliard the Trouble of coming to
me on a matter which you know all the Trustees would acquiesce
in wth you did? She ~~was~~ ^{was} with me this aft. and tells me -
th^t she stays in Town to make an end wth you, and has left
her advanced fare in one Coach going into y^r Country to give you
a meeting & was disappointed.

The enclosed is in behalf of Mr. Braman the other Tenant
from a Relation of hers in my neighbourhood who we shall be in
Danger of Losing if care be not taken to comply wth her reasonable
requests, but if you can't come to Town don't be sparing of y^r -
command in writing to me that I may have something to
recommend to the other Trustees and to justify myself in w^t
I do, who have neither the power ~~nor~~ nor the purse to do w^t
you can.

I am going now to take Coach to Mr. Harris
in obedience to y^r Verbal Ord^r. w^{ch} I desire you ~~will~~ will
confirm by writing in y^r next & that you will allow me
to charge you in behalf of the Trust wth every Coach that I
take in this Service, or th^t you will entirely excuse me from
acting in it, my strength not permitting me to do as you

Booksellers charge, when I blamed our Mepenger for not letting
me know of his making up the Packet to add M^r. Astervald's
Arguments and Observations on the Old and New Testam^t.
I remember I promis'd you the 2 Vols. on the Old Testament
if you could prevail on M^r. Downing to give you the New Testam^t.
of w^{ch} he is Sole Proprietor, but M^r. Downing signifying by
our Mepenger that he had only entire Setts (and could not part
wth the new Testament wthout breaking a Sett, I have added
the 3^d Vol. on the N Testam^t to make the Sett complete,
desiring if you have a Library appropriated for the Service of y^e.

Reverend and D^r Sir,

I received yo^r. Favour of the 8th Inst. and the
same being this day read al^y Committee they have so far com-
ply'd wth yo^r. Advice as to order the following Min: to be taken viz.
Upon reading a Petition from M^{rs}. Downing desiring to be
continued in her late Husbans Business as Bookseller and printer
to the Society, and receiving a message by M^r. Woodgate her Son in Law
in her behalf desiring time to dispose of her Effects to the best Advan-
tage.

"Agreed that till the Society come to a Resolution al^y this matter
"that M^{rs}. Downing be allow'd to continue to serve the Society in
"the manner as her late husband used to do, and M^r. Woodgate
"was desir'd to acquaint her not to dispos^e of her right in any
"of y^e Copies of y^e Books dispos'd by the Society nor of y^e same Books
"themselves in Gro^s without the Knowledge and ~~approbation~~ ^{approbation}
"of the Society, because of y^e difficulty they may be bro^u under
"if the Cop^yies and Books should be dispos'd of into many Book-

N. Testaments & whole Duty of man &c. but this is refer'd to
be further consider'd. Whether the Business of Printer & Book-

w^{ch} my Clerk is now preparing to insert in y^e Book No. 4. ~~Most~~ of

I thank you for y^r favour of the 5th Inst
and y^r Judicious reflections on y^r Design of y^e Missionaries,
to our worldly minded Jewry. I shall in a little time be able
to inform you of their success if they have any.

I recd y^r Bill for 5^l on M^r Moore & have paid —
y^r Servants to yesterday who resolve now to be as regular
as they can to avoid y^r displeasure.

I recd last post a Letter from ~~Cologne~~ Augsburg
of the 16th inst by which Twenty old protestant
Salkburgers were that day come thither from
Memmingen in their way to Georgia & more expected
to join them to make up another Transport to be
conducted ~~to~~ to Rotterdam, on the English Charter,
for that service, most of these being ^{single} young people. The
Roman Catholic, it seems, made no objection as they used to do
to admitting them into y^e City.

By the foreign papers y^e Bp. of Salkburg is lately dead, I
hope his Successor will be a man of more Christian Temper, and
then there will be an End of persecution in his Province.

There was a Rumour yesterday in the City of a great advantage
obtained by y^e Imperialists over y^e allies in Italy, but it proved to be
only a skirmish in which y^e Imperialists had the advantage.

The Committee meet here to morrow extraordinary to consider
of means for transporting the Salkburgers when they arrive at

exhausted, and must leave the expence of it wholly on y^e Society,
as well as to maintain them a year after their arrival in
Georgia &c. of necessaries to settle them. I have not heard yet

Something has happen'd that prevents
M^r. Weisonger from setting out to Gravesend till he has
attended the Trustees for Georgia w^{ch} cannot be till to-
morrow evening. w^{ch} obliges me to request that in case the
Saltbörger's should arrive at Gravesend before he does. that
you would favour M^r. Vat their Conductor with yd. Advice -
for providing them wth refreshments ashore till the Prince
of Wales falls down to receive them. w^{ch} will be upon the first

notice of their arrival at Gravesend. I should have been
glad of a Line from you upon w^h Terms they could be lodged &
dieted in a plain manner for a few days. The charge of w^h
will be defrayed by the Reverend Mr. Wilson on y^e p^t of the Society
who will set out hence as soon as he has heard of the Saltbengers
being arrived. I am.

Being in daily expectation of the arrival of a Transport
of Saltbengers from Rotterdam have order'd me to re=
=commend them and their conductor M^r. Vat to the good
offices of M^r. Mayor and y^e. self to advise M^r. Vat about
quartering them ashore in some good house where they
may be refresh'd in a plain & frugal manner without being
liable to the impositions too often practis'd on strangers in
Sea Port Towns. The Rev^d W^h. Wilson is so kind as to pro=
=mise to go down to Gravesend as soon as he hears of their
arrival, with full power to defray all expenss that may be
reasonably occasion'd by their short residence on shore till
the Prince of Wales commanded by Capt. Dumbour can fall
down the River to receive them. I wrote to ym

last Saturday to this effect by M^r. Weisenger a German
going over to Georgia, but something has prevented his
going to Gravesend so soon as was expected which is the
reason of my troubling ym with this from

in the Two Brothers William Thompson Mast^r for
Gravesend ~~(in their way to Georgia)~~ where they
are to embark for Georgia on the Prince of Wales
commanded by Captⁿ Dunbar.

That the ~~Ship~~ Prince of Wales not being fallen
down to Gravesend, these Poor People will be oblig'd
to land for a few days, and ~~remain~~ with their
Baggage consisting of between 30. & 40. Chests
Boxes & Trunks, in which case I am order'd
humbly to request

Y^r. Honours would be pleas'd
to give directions to the Customhouse
Officers ^{at Gravesend} ~~there~~, to ^{shew} ~~give~~ them as ~~little~~
much favour as the Laws will per-
mit in Landing ^{& re-shipping} their Baggage.

And Y^r. Memorialist shall

^{dated last Saturday 19. October}
That the orders for transshipping the Baggage of the Saltzburger

the River of Thames having been committed to the care of a Waterman at
Tower Hill to be put on board the Two Brothers then coming up the River, is

Dear Sir

I have long waited for a substantial occasion of writing to you which now presents its self. 2. of the Papers herewith sent are coured by order of the Society to acquaint you with the State of their Cash in relation to the Saltzburg Fund and of the prospect they have of a further Charge upon the arrival of a new Transport of them daily expected at Gravesend that you may not decline any fair opportunity of recommending their Case to yo^r Charitable and rich Neighbours; As to yo^r self and indeed all yo^r Family there has been ~~now~~ such a flow of Charity to these poor people that it were unreasonable to expect any further assistance than by yo^r Good offices in which I dare say you will never be weary. The enclosed papers are sent to you by ord^r of the Society to acquaint you with the State of their Cash in relation to the Saltzburg Fund to which you have been so kind a Benefactor that it were unreasonable to expect any further assistance in the new Charge they are entering into, than by yo^r Good office, when occasion offers among yo^r rich and Charitable neighbours wherein I dare say you will not be wanting.

J^s John Philipps and his Family are well and M^r Philipps particularly sends his humble Service to you by

Dear S^r As I expect you may be at Gravesend by that time, this can be there, I have only to req^t you, that as the Prince of Wales can't be ready to fall down till the Beginning of next week W^m Symonds by W^m Ogleshorpe's advice propos'd to me this evening that much charge might be sav'd if instead of landing at Gravesend the 2. Brothers came up to the Red House above

28

above Greenwich, the Saltzburger might be embark'd immediately in the Prince of Wales, but as I have not the Direction of the Society herein, I can only say that if you don't like the accommodations that may be offer'd to you at Gravesend, it must be left to y^r. Discretion to take ^{the} most proper measures for their comfort.

The Com^{rs} of the Customs have very readily sent an order to their officer at Gravesend to permit the landing of all the Baggage of the Saltzburger, and to shew them all the civilities they can, but then they are to be lock'd up in some Warehouse at the charge of the Society till they can be re-ship'd, whereas if you come up the River there will be no occasion of landing the Baggage, because it may be immediately convey'd into the Prince of Wales and the Saltzburger themselves may take possession of their several apartments in the Ship, but as I said, this must be left to y^r. Discretion after consulting M^r. Mayor of Gravesend and the Rev^d M^r. Harris to whom you & y^r. Transport have been recommended, it being impossible for me to have the orders of the Society therein till their next meeting.

Pray let me hear from you as soon as possible after your arrival in the River that measures may be taken accordingly. M^r. Weislinger a German from Pennsylvania was to have gone down last Monday to take Masters for you at Gravesend, but something has prevented his going, till this day, and perhaps he is not yet gone, which is another disappointment that the Society could not foresee, and necessarily leaves the affair to y^r. Discretion. I am

Y^r. most humble Serv^t.

P. S.

H. N.

M^r. Symonds at the same time tells me he has spoke to M^r. Chaikle the Owner of the 2. Brothers, and that he is content that Captⁿ. Thompson bring the Saltzburger up the River to embark or ~~propose~~ in the Prince of Wales for the Convenience of the Saltzburger being a wellwisher to them.

Pray give my humble Service to M^r. Mayor, and excuse the trouble given to him on this occasion.

first when the Stock was bought, but if you meant that it should
be now transfer'd to you in order to its being retransfer'd for the
uses you have design'd it, you was certainly right, & therefore if it
be with your convenience to give your company here to morrow

Saltbengers to come up to the Red house instead of stopping at
Gravesend, where they may embark on the Prince of Wales in the
trouble and expence they will at Gravesend and give the plea
to many thousands of seeing them that can't see them so far
from London as Gravesend.

To William Haffenden Esq 30. Bantlett's Buildings
Mayor at Gravesend. 18. Octob: 1734.

By a Letter of last Tuesday from Mr. Vat
at Rotterdam the Saltburgers were then all on board the 2. Bro:
Capt Thompson who commands the Ship promis'd to sail next
Friday morning wind permitting so that I believe it will not be
long before they arrive at Gravesend. I am now by order to
acquaint you that upon a representation from Mr. Oglethorpe
and other Gentlemen of the Trustees for Georgia that it will
be more convenient for the Saltburgers to embark with
their Baggage on the pinnce of Wales at directly at y^e Red house
above Greenwich without landing them to set on shore at
Gravesend where their Baggage w^o be housed by the custom
house officers and then reshipp'd with some trouble to the Indian
King and his attendance as well as to themselves and the Ship's
beside expence. The Gen^l. of y^e Society have therefore agreed
that the 2. Bro:^s bring them up to y^e Red house to embark there
and for this purpose I have wrote this day to Mr. Vat by the
Gravesend Till Boat Samuel Gladwell desiring him Mr. Vat
to defray any expence you or the Rev^d. Mr. Harris have been
at for their reception at Gravesend, and to excuse the trouble
that has been given you on this occasion, especially since it
will give many Charitable Gent^l. who have contributed to their
relief the opportunity of seeing them which they could not have
done at Gravesend. Y^e favour in dispatching them up the
River as soon as they arrive will oblige the Society as well as
the Trustees for Georgia. Please to communicate this L^re

I thank you for y^e Letter of y^e 13. Our Gen^l.
by order of the Society am to send you their Thanks for all
y^e good offices to the Saltburgers.

Mr. Vernon one of y^e Trustees for Georgia and happens to be
present at reading y^e Letter concerning the Tenure of the Lands
in Georgia, upon w^h he desired a Copy of that Cause to be commu-
nicated

communicated to the Trustees for their Secretary ~~Mr. Montagu~~ to give me a proper answer to it; Mr. Montagu their Secretary has since called upon me to tell me he will write me a Letter thereon at his first Leisure, but in y^e mean time he told me the thing was quite mistaken and designed to favour the Female Slaves instead of prejudicing them by subjecting them during the infancy of ^{the} Colony only to the Guardianship of y^e Trustees, that their improved Land, descended to them, might not become a prey to Sharps from hence or any part of the Plantations without the cognizance and approbation of the Trustees.

That this Tenure is no part of their Constitution by Charter, but a By Law revocable by the Trustees whenever any inconvenience is found to attend it. That the Inhabitants of Georgia at present have no apprehensions of any ill consequence from it, and whenever there are any, the Trustees have it in their power to alter it, the design of it being only to Guard the Colony in its Infancy from being invaded by Sharps to the hazard of their common welfare, an instance of w^{ch} has happened to a neighbouring Colony in the Bahama Islands where a Race of Pirates have too great an Ascent among the Inhab. as y^e Govern^r has often told me. But I should not anticipate Mr. Montagu's defence of this By Law, w^{ch} I expect soon to be able to send to you, only so far as to prevail with you and y^e Friends to suspend giving away to the prejudices w^{ch} some well meaning persons have unwarily propagated.

I have this day by order of the Society sent 50. Copies of their printed accounts of Receipts and Disbursements &c. relating to the Saltburgers directed to y^e Self by the Oxford Coach from the Spread Eagle (which is paid here 1. w^{ch} they desire you will please to present to all the Heads of Houses and other Benefactors to the poor Orphans.

A new Transport of them arrived at Rotterdam and daily expected, I believe as the Wind is, before to morrow night in y^e River of Thames, to embark with the Indian King and his attendants on the Prince of Wales Cap^t Dunbar Commander for Georgia, of w^{ch} you will soon be informed by our news Papers.

I received in due time y^r kind Letter of the
23^d of last month with a Bill for four Guineas on M^r.
Christopher Bradgate as y^r annual Contribution to our Society
for w^{ch} our Treasurer M^r. Fuller immediately gave me a
written receipt, but having since delivered it to our Messengers
to be exchanged for a printed Receipt to be sent to you, he has
forgot to give it to me which therefore must be sent by the next
opportunity.

I hope you have rec^d the packet as mentioned on
the other side w^{ch} I delay'd giving you notice of in hopes of
hearing some good news of y^r Son at Hatfield having wrote to
M^r. Auet pursuant to y^r kind Inquiries after him. By
the Inquiries I have made he seems most inclin'd to the Army
or Guards, but whether that be an inclination you would have
encourag'd in him, I should be glad to know.

The Books you will observe are some sent in Duines and
others Hatched the reason of w^{ch} is because they were not to be
had in Duines as you desired and those we esteem in Duines in
our list are really for the most part Hatched, but said to be in
quires in opposition to those w^{ch} are bound & sent to our
Correspond^{ts} only in in Duines when absolutely so required.
If for the future you desire to have them all Hatched they will
be sent so at y^e same price by

I called to see 'em but finding so many Ladies there making their

Rev. & Dear Sir. My last was of the 1st Cur. acknowledging the Recd. of yr. favours of the 4th. 11th. 18th. & 21st. of October N. S. Since which I have recd. yr. kind favour of the 2th Cur. and another without Date enclosing an account of the Persecution in Carinthia dated the 7th. of Sept. which have been translated and laid before the Society, who heartily wish it were in their power to remove the oppressions so justly complained of there and in Bohemia.

M. Von Reck signifying that he expects to conduct another Transport of Salzburgers in the spring to Georgia, if that be found practicable the Society will use all their endeavours to accommodate them as the last were, with every Thing in their power.

The Transport under M. Von Reck's Conduct sailed from the Downs the 2nd Cur. O. S. with a fair Wind w^{ch} lasted at least ten days so that I hope they are by this time well advanced in their Voyage.

I this week receiv'd a Letter from M^r Dymair w^{ch} by the writing I suppose was from you. I immediately forwarded it to him, and am glad to acquaint You that he is well and daily improves in acquiring the English tongue, as indeed I find all Germany do wth a facility beyond any other nation that comes among us.

Having begun my Letter on y^e wrong side of the Paper before I discovered my mistake, you will excuse me if to save the time of transcribing it, I for once desire you to read my Letter in the Hebraic manner. Ent. fol. 11. N^o 2. 1/2
Your Letter of the 1st of Novemb. A.S. dated at
Windhausen to M^r. Vernon and me came safe to hand, and the contents
of y^or Letter to M^r. Vernon having been laid before the Trustees of Georgia and the
Society here, they are glad to find that you had received the L^{dy} wrote by order
of the Trustees and Society to prevent y^or bringing hither this Winter the people
you mentioned from Moravia and Bohemia, an undertaking w^{ch} might have
brought upon the aforesaid Gentlemen insuperable Difficulties it being impossible
in their present Circumstances to have known what to do wth them, much less
to have sent them forward to Georgia.

The Society had no expectation of y^or return this winter, but of your
continuing in Germany in order to conduct a ~~third~~ third Transport of
Saltburgers in case any of them had offered themselves by next Spring, by
w^{ch} time the Society are not without hopes of being in a ~~considerable~~
condition to send a few more of those people [Saltburgers] for whom only
they have made their Collection: but tis with great concern the Society
observe that you are now going upon an Enterprize, all the motives of which
they are not apprized of and of the Event of which they are ~~very~~ very dubious.

Your telling oppressed People that G^d hath made choice of the English
nation to deliver them and that the Day of their Deliverance will ere long
appear, is to raise expectations of which y^or Friends here see no founda-
tion but which may be attended with consequences very dangerous to y^or
Self and not less fatal to y^e People whom you are endeavouring to serve.

The Society suppose that you will build these expectations on the
willingness of the Trustees to give Land in Georgia to persecuted Protes-
tants but then you seem to forget the Consideration of the great Burge-
n of carrying them thither, and of maintaining them till such time as they
may be in a condition of maintaining themselves.

Your proposal of bringing over to Georgia Manufacturers in Glass
and Earthen Ware has been laid before the Trustees who do not think it
proper to encourage Manufactures in Georgia which may interfere with
those of Great Britain.

Oetmann has a liberty of continuing in Georgia if he has a mind to it.
M^r. Val with the late Transport of Saltburgers in the Prince of Wales
Commanded by Cap^t. Dunbar sailed from the Downs the 8th of Novemb.
A.S. with a fair Wind which lasted about Ten Days so that tis hoped
by this time they are above half way over the Sea. Tomochachi &c.
went with them.

and hopes ere long to return to Windsor, to let his friends there know that
tho' he has marry'd a poor Widow he has too much honour to disown
her, and as God shall enable him will never abandon her. He was so
intent at his first coming to England to leave himself from the claim of
Count Montejo and his friends in Spain upon his turning Protestant
to have him deliver'd up, that as the King of Spain will detain ~~any~~ man
from being transported against his Will that marries a Spanish woman,
so he thought it the most effectual Expedient to bar his being deliver'd up to
Count Montejo, to dispose of himself as he has done in England and hopes
Good Providence will enable him to bear all the consequence of that
Adventure, tho' some have taken occasion from it to represent him in an
ill Light to his friends, which he most lays to heart, as affecting his honour

I rec^d y^r. Lordship's letter of last Tuesday & shall ~~obey~~ ^{and mention} wait y^r. further commands ab^t. the Little Tract ~~confided~~ ⁱⁿ Mr. Schuchling. I waited yesterday on the Arch^b of York and His Grace would be glad to have for the present 100. Copies of D^r. Comber's Plausible Argument &c. answered, and 1000. more as soon as may be, ^{to pay the whole price of them} but as to what he objects to of construction of A Text Pag. 17. His Grace thinks it better to let it pass as it is, because it will not offend a Popish Reader, and a remark will make it more to the notice of any Protestant Reader, but the Number which the Society will take

those ~~His~~ Grace would have, I can't ^{ask} inform the Printer till near Friday
though it was proposed to print 3000. Copies beside what His Grace would have

I did while I was intent upon taking other minutes. I am

Yesterday a Letter from Mr. Wilsperger
of the 2^d Cur. N. S. was read to the Society, in answer to
theirs of the 29th of April and 6th of May a copy of which
I have sent to Mr. Oglethorpe wherein among other Things
he signifies that 25. ~~new~~ screw medals of Protestant Mission
shall be sent over as soon as possible.

That it is impossible to write whether any Saltzburger out of
the Arch Bishoprick may come out of this Summer or not, tho
it is certain that more than 1000. have declared themselves
Protestants.

That it is expected 100. Buchtolsgadens may go out.

At the same time was laid before the Society Professor

answer to the enquiry made concerning the Authority the
Missionaries at Tranquebar had for ordaining Preachers among the
Indians. Wherein after giving an account of the method of ordination
in y^e Evangelick Churches abroad which Mr. Liegenhagen and
Guendes being present confirmed as verified in their own Cases. The
Profess^r adds however our Presidents at Tranquebar did not
that Damascian preacher by their own authority, but they did
command of the illustrious Danish College to whom the Care of
Missionaries on the 29. of Oct. 1729. out of which I shall be-
late and transcribe the following particulars from German
the Latin Tongue.

where
To
We congratulate and rejoice with you Revd. S.^r because
give us hopes, by w^{ch} we Trust that Evangelick Preachers m^y
hereafter arise out of the Indians themselves. For O Dear
Friends, we agree with you in this, that it is a fine way by w^{ch}
with the assistance of Almighty God your Churches may more
and more be increased and Established. We therefore Rev.
with the approbation of our gracious King give you a power
Constitute and ordain any one of the Indians who shall ap-
pear to you to be qualified for it, to whose Care any particular Tract
of the Country may be committed as occasion offers.

This Command was afterwards repeated as I have seen in
Letter from the said College directed to me which at present is
in my hands. I hope therefore that the illustrious Society (as
will rejoice together with all our well wishers in Germany for
Signal of enlargement of the work of the Mission &c).

There was a very full meeting of the Society upon reading
Letter, and among them the Bps. of Bristol, Gloucester and M^o
were present who all approve of the Conduct of the Missionaries
in East India and the Letter is refer'd to be consider'd when an
answer is made to the Letters from Fort S^t George on this.

To
This Precedent may hereafter be of use to us in the English
Establishment begun by the Society at Madras when the
of our missionaries there may Succeed and reach the Length
as those of their Brethren at Tranquebar have done. I am
